Proposed Research Question (complete before supervisor interview): _____

Actual/Finalized Research Question (complete with supervisor at conclusion of interview):

In proposing this topic, I understand that the IBO considers using any portion of a current or future IA for my Extended Essay or submitting an EE without proper documentation or that I did not wholly compose myself to be an act of academic dishonesty. I am fully aware of the consequences of academic dishonesty and the possible consequences of such an act, including the school's refusal to submit my EE and/or forfeiture of my IB diploma.
